

SLEEPY'S DAINTREE COLLECTION

EXCLUSIVE TO
Sleepy's
The Mattress Experts

Natures Touch Collection has taken inspiration from nature to investigate the human form and its organic movements. The Daintree mattress has been designed to provide pressure relief across the body and create comfort through natural and sustainable fabrics for a restful night's sleep.

sleepys.com.au

A SOLUTION FOR ASTHMA AND ALLERGY SUFFERS

Using natural materials such as wool and Tencel in the quilt top layer of the mattress offers a silky smooth, soft surface with long lasting insulation properties. Keeping your mattress breathable and ventilated all year round. The bamboo charcoal infused visco that is used in the plush model, is a breathable foam and has the ability to eliminate odours.

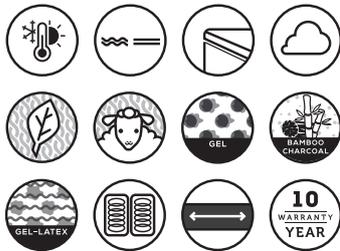

COOLING FACTOR

Situated in the quilt layer of each Daintree mattress is gel visco, to help create a neutral sleep temperature. The bamboo charcoal infused visco available in the plush model, helps to reduce heat build-up in the mattress, allowing you to move freely in the night. Whilst gel infused latex has the added benefits of breathability and ventilation.

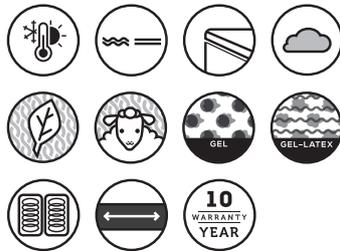

REDUCES PARTNER MOVEMENT

Armoured with a solid spring system, the Daintree Collection uses a dual pocket spring technology. The spring system has double the coils and more than 1km of steel within the mattress which has the benefit of reducing partner disturbance across the mattress to ensure a peaceful night of sleep.
